

*"I absolutely LOVE this tooth powder. It gets my teeth cleaner than anything I have ever used! It also without a doubt has made my teeth whiter. I gave it to everyone in my family for Christmas and they all love it too! Do yourself a favor and try it. You will love it!"*

*"We've been using this tooth powder for a few months now, & haven't looked back. Teeth feel smooth, mouth feels clean, & has a fresh but not overpowering flavor. Best of all, no foam like the other tooth pastes. Thanks for making a great product!"*

*"When my husband tells me that he loves the new tooth powder I knew that I had to spread the word to our families. We totally love this product. It deeply cleans your mouth, freshens your breath like no other, polishes and brightens your teeth. I noticed a difference right away. I love the way it is packaged."*

*This stuff is amazing! I want to buy it for everybody I know. I've only been using it for five days, and I've already seen a big difference in my teeth and my mouth. My teeth feel so much better, and that yucky, fuzzy, dirty feeling is finally gone. This tastes so good as well. I highly recommend it!*

## UNSOLICITED FEEDBACK

*"I LOVE this powder! I honestly cannot say it enough. The taste is amazing. It cleans so well and tastes great. My mouth stays fresh all day. I actually look forward to brushing my teeth. I am hooked, as well as my kids. I will be getting them their own tins because they keep using mine! Plus, there is no toothpaste all over the counter, which is a bonus. This is hands down the best dental product I have ever used. It's fantastic!"*
